## **IDEAS FOR EXHIBITION SET-UP**

- Exhibits can be attached to the maritime pine wall by nailing and gluing.
- Exhibits can only be attached to the historical stone walls by gluing. Attention: adhesive tapes do not hold well on the wall.
- Exhibits may only be attached to the historical stone walls by nailing in individual cases and after consultation. Nails may not be driven in deeper than 0.5 cm in order not to endanger the historical building fabric.
- Rope suspension in front of the long stone wall on the wooden bar/rail is possible.
- Placing small objects on wooden boards in the window frames.
- The walls may only be painted with silicate paint and must be returned in their original condition.
